MARBLE CAVES

Marble Caves tour

Enjoy the wonderful route of Paso las Llaves, which surrounds the great General Carrera Lake, also known as Chelénko Lake (lake of the tempest or lake of the rainbow), name given by the Tehuelche people. The General Carrera Lake dominates and defines the landscape, climate and life in central and northern Patagonia, it is extremely important for Argentina and Chile (Ref. Book: Chelénko las mil y una caras de un lago patagónico). Marvel at the beautiful Patagonian landscapes and sail exploring the Sanctuary of Nature, where is concentrated a set of islets called Marble Caves, Cathedral and Chapel; with unique formations.

Consider that navigation can be dangerous for children, babies, pregnant women and people with osteoporosis, spinal, cervical or similar problems.

OUR CITY, CHILE CHICO, THE CITY OF THE SUN

Chile Chico

The city of Chile Chico is located in the Region of Aysén of General Carlos Ibáñez del Campo, Chile. The commune originated at the beginning of the 20th century, when several families of settlers arrived from Argentina. In 1931, the town of Chile Chico was officially recognized fourteen years after having started the "War of Chile Chico" against the cattle entrepreneurs who demanded ownership of the land because it had been delivered in concession to Santiago. The death of three settlers at the hands of Carabineros (the Chilean police) caused a strong impact on Chilean society and the Government was forced to terminate the lease and consolidate the presence of settlers in the region. Chile Chico is located on the shores of Lake General Carrera and is mainly characterized by its pleasant weather and agriculture. Chile Chico has a very sunny microclimate, highly suitable for growing a large number of species.
